

TRAINING

PROVIDING CUSTOMERS WITH REAL LIFE SCENARIO'S THAT CAN BE APPLIED IN THEIR WORKING ENVIRONMENT

Nina & Pinta's extensive content library enables us to deliver training on a vast number of different corporate travel subjects, and we work closely with our clients to ensure that the best possible outcomes are achieved from any staff training project.

We engage with our clients to determine the various skills gaps that exist within their organisations and can then easily identify distinct learning objectives and the most relevant training content needed to close those gaps and deliver on those objectives.

Our key differentiator within the market is our extensive knowledge across all sectors of the corporate travel industry. This allows us to deliver content that is relevant and practical, with real life scenario's and examples for course attendees to work through, learn from and apply in their working environment.

Our courses are CPD accredited, and award Continuous Professional Development points to staff who attend and complete training courses with Nina & Pinta.
